LCbW Donates to St. Jude Hospital and the Easterseals

As the winter season is upon us, we wanted to take a moment to express our gratitude for your continued trust in LawnCare by Walter for your lawn care and landscape needs. To ensure your lawns thrive in 2025, check out our winter tips in this newsletter. If you have yet to take advantage of our prepay program, you still have time to save 5% on a set of four or more fertilizer applications through March 15, 2025.

In our fall newsletter, we happily reported on the second annual Flannel Jam Country Confidential to raise money for St. Jude Hospital

and the Easterseals Autism Program. We were able to donate more than \$13,000 to each of them! What a success! We also had the opportunity to meet band members personally and invited The Band Wayland to play an intimate concert at our home for our family and friends. It was an unforgettable night that ended with new friends made. If you have not heard them play, no need to miss out! Visit www.waylandtheband.com.

The Band Wayland

Remember, we build great lawns from the ground up!

Winter Tips for Better Gardens

When the holidays are over and one counts the days to spring, it can sometimes feel like you're waiting forever for those bursts of sunshine and warmer days. If you love to garden, winter can feel even longer! At LawnCare by Walter, we've outlined some great tips to remind you of how to protect your lawn during the winter months and keep you busy while you're counting the days to spring!

1 Avoid walking on your frosted lawn. This will prevent weakening the blades of grass underneath.

2 Use ice melts instead of salt to eradicate ice on the pavement. This is safer for people and pets.

3 The winter is a great time to be bold with ideas and plan how you'd like your garden to look.

4 Sweep and organize your storage area. Take inventory on supplies such as gloves, garden clogs, etc.

5 Take advantage of the time to sharpen your tools and maintain your power equipment.

6 Schedule your deluxe lawn care treatment program for 2025 with LawnCare by Walter!
